## Driver survives twisted crash

A spectacular single vehicle accident Friday afternoon left passers-by wondering how the driver of the truck escaped with just minor injuries and amazed at the contortions the vehicle had been put through before finally coming to rest, upside-down, leaning against a hydro pole.

The driver of the fully loaded log truck was Garth Horsley of Highway 35 north of Minden. He was travelling west on Highway 121 just east of the Minden by-pass. The truck had just rounded a curve when the right wheels of the vehicle caught the edge of the shoulder of the highway. The driver manoeuvred the heavily laden truck past one driveway entrance, and then past a second, before the vehicle fully entered the ditch and rolled over.

The action sent logs from the load spilling over the roadway and onto the front lawn of a nearby home

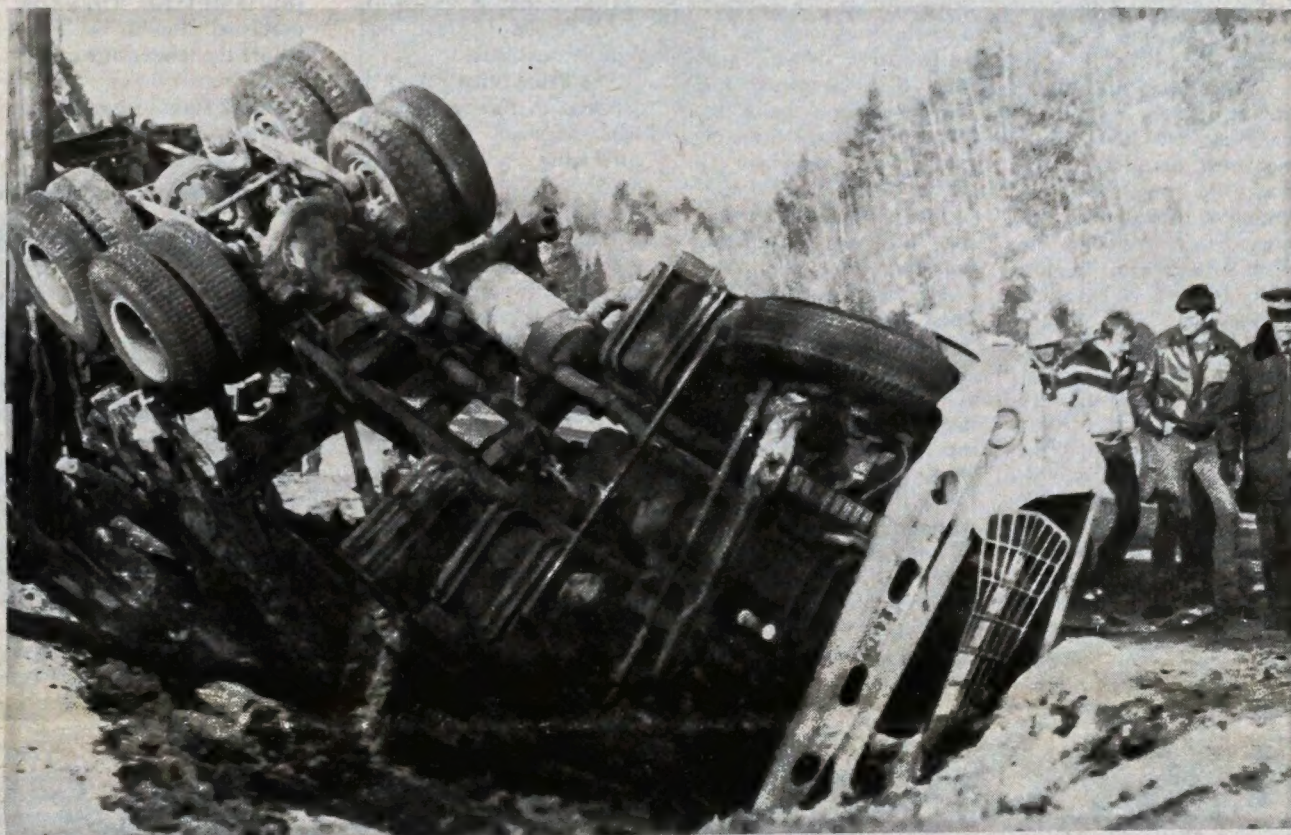

clipping off a number of eight foot evergreen trees. The trailer portion of the truck came to rest upside down with the rear of the truck leaning against a hydro pole.

The cab roof of the truck had been crushed by the force of the impact, leaving little space between the depressed roof line and the dashboard. Somehow the driver managed to avoid serious injury and was removed from the twisted wreckage of the vehicle and taken to Minden Hospital. Mr. Horsley was kept overnight for observation at the hospital and released the following morning.

Minden firefighters were called to the scene to wash away gasoline which had spilled from the tanks of the upended truck.

The damage to the log truck, which was equipped with a loading crane, was estimated at \$10,000.

The investigating officer was Constable Glen Irving.

Police and curious spectators inspect the twisted wreckage of the log truck which left highway 121 late Friday afternoon. The driver, Garth Horsley, miraculously escaped serious injury after he lost control of the fully loaded log truck and it slipped upside-down into a ditch.

## County spending rises by \$108,000

It will cost an estimated \$108,000 more to provide the services offered by Haliburton County in 1984. The budget for the year was presented at the March 21 meeting of county council.

According to the figures presented by Management Committee chairman, Dysart Reeve Murray Fearrey, the county will spend \$1,143,240 in 1984 compared to \$1,035,559 spent last year. Some \$879,000 will be raised through assessment of local taxpayers, while the remaining portion will come from provincial grants, land division application fees and other revenue including rent for the land title registration office. In addition, a \$49,000 surplus will be carried forward from 1983 to ease the impact.

The 1984 expenditure represents a 7.5% increase over the 1983 budgeted amount of \$1,061,880 or a 10.5% increase over the actual spending of \$1,035,559

last year.

The following are the highlights from the budget presentation:

- the change from ten meetings per year to seven has done little to reduce the cost of meetings, as was suggested at the time the idea was introduced. While the cost for general meetings has dropped from \$14,000 to \$12,000, the allotment for committee meetings has increased from \$18,300 to \$21,000. The 1983 budget had suggested \$16,000 be set aside for this item.
- the cost of general government at the county level will increase from \$123,000 to \$132,000. Other than the adjustment made for more committee meetings, mentioned above, the largest increase is in the area of salaries, which go up from \$18,000 to \$23,000.
- there is little change in the budget under the heading "protection to persons and property". This section will spend \$2500 for

mutual fire aid services and the wolf bounty.

- the county road system always takes the largest share of the budget. This year the road system will spend \$595,000 compared to \$545,000 in 1983.

- a \$9000 increase in the amount requested by the Haliburton, Kawartha, Pine Ridge Health Unit will result in a boost to \$58,000 of the amount allocated under the health services in 1984. Last year the county spent \$49,700.

- Haliburton County Home Support Services has been allocated a grant of \$1000. Last year they received \$500.

- the Haliburton County Information Centre will receive a grant of \$1000 if a matching federal or provincial grant is also received.

- the operation of Hyland Crest will cost more this year as the budget allotment jumps from \$125,700 last year to \$148,500 in 1984. Last year the home was close

to \$15,000 under budget, with an estimated 1983 expenditure of \$140,000.

- this is the last year for a Hyland Crest debenture payment. With the final \$31,725 payment the county will have retired its obligation undertaken for the construction of the home.

- the Children's Aid Society will receive an increase in allotment from \$24,500 spent last year to \$28,500 in 1984. The explanation for the boost was the increase in the number of children the agency is now serving.

- the Haliburton Highlands Guild of Fine Arts will receive a grant of \$1250 from the county. The Guild had asked for \$3000. Last year the group received \$1000.

- commenting on the fact that the Agnes Jamieson Gallery would not receive a grant this year, Fearrey noted that the Guild of Fine Arts is a separate organization from the Rails' End

Gallery. He said the committee's purpose in giving the grant to the Guild was to support its efforts in providing educational courses through Sir Sandford Fleming College and the School of Fine Arts which attracts visitors regularly to the county. Fearrey also noted that the county made a one time \$3000 grant to the Haliburton Highlands Museum and the Minden Library - Cultural Centre when they were first established. A request from the Agnes Jamieson Gallery in Minden had requested assistance from the county. Prior to being presented to county council, a lengthy discussion had ensued at Anson, Hindon and Minden council whether pressure should be brought to bear in ensuring the grant would be approved or if it should, in some way, be related to the amount allocated to the Guild of Fine Arts.

- a grant of \$3000 was

given to the Haliburton County Snowmobile Association with \$1000 grants each to the Dorset Snowmobile Club and Paudash Trail Blazers. Fearrey said the committee had attempted to share the funding more equally among the snowmobile organizations, while realizing the urgent financial need of the HCSA this year. Last year the HCSA received \$1500 with the other two clubs each getting \$500.

- a grant of \$60,000 to the Haliburton County Chamber of Commerce represents the same amount the organization received last year. The Chamber, in a presentation made in January presented a potential budget request of up to \$104,000. Fearrey said the committee considered "two schools of thought" on funding for the Chamber. He said the committee decided to spend

(more on page 2)

## Council will assess need to purchase backhoe

An investigation to establish whether a backhoe is needed by the municipality of Anson, Hindon and Minden, will be undertaken in the near future. The decision to carry out the study was taken following an in-camera meeting of the council Thursday afternoon.

The council has also decided to negotiate with the Minden Water Board utilities commission for the borrowing of up to \$55,000 for the purchase of the piece of equipment, if it is deemed necessary.

The decisions came after a lengthy debate in which members of the council exchanged opinions on the merits of purchasing or renting a backhoe for the municipality. While the main difference of opinion arose between Councillor Gary Kenney and Deputy Reeve Ed Pergolas, all members of the council contributed to the discussion of the issue.

Pergolas opened the debate by tabling a report he had prepared in response to a letter to the editor from Kenney, published last week, in both county newspapers. The Pergolas report, which appears in its entirety elsewhere in this newspaper, explained how the water system had

acquired the supposed excess funds and why it has been suggested they be used to finance the purchase of a backhoe. The report noted that the funds represented money which had been collected by the municipality from individuals who had prepaid their water frontage charges. The money is earmarked for the retirement of the debentures which have been taken out to cover the cost of the new installation. Pergolas pointed out that the debentures could not be retired early, and since they carry a lower interest rate than what the municipality could obtain by investing the money elsewhere, it would be more appropriate to use the funds rather than pay off the outstanding loans.

The Pergolas report also noted that the purchase of a backhoe had come about following a suggestion that the Parks department needed another tractor. He noted that Reeve Lyle McKnight had suggested that if the parks department was about to spend \$16,000 on another tractor, then the municipality should spend a greater amount and obtain a piece of equipment which will be of value to all municipal departments.

The report also estimated

that the three municipal departments would make use of the backhoe for 550 hours per year, an amount of time which he felt justified the purchase.

The Deputy Reeve then requested the council's endorsement of the purchase. "Because it would be a viable and profitable investment for the water and sewers and satisfying the needs of the municipality, I would be pleased to bring this matter to the committee of the water board with council's endorsement," the report concluded.

The debate that followed touched on many aspects of the proposal with the following points being made:

- Kenney suggested the purchase of a backhoe would result in the municipality acquiring a piece of equipment which would duplicate the work being done by other equipment already owned by the township.

- McKnight reiterated his suggestion that the municipality needs the backhoe especially in light of the suggestion by the parks department to purchase a new tractor.

- a question was raised as to whether the need for the machine had ever been justified. Kenney said that

the road committee had never been asked to assess the situation, while other members of council maintained that it was at a formal road committee meeting a decision to ask for tenders was agreed to.

- Kenney charged that the council was not "doing things the way it should," pointing out that it should not be necessary for him to challenge the purchase of the piece of equipment at this time. He suggested the justification for the purchase should be done before the tenders are called for.

- McKnight responded by pointing out that the road superintendent had advised

the council that the present loader would soon have to be replaced and that the new piece of equipment be able to carry out the work done by the loader, plus meet the needs of the parks and water and sewer departments. McKnight said he felt the council had, at the roads committee, given verbal approval to the calling of tenders. "We didn't go behind anyone's back," he added.

- Kenney said this placed him in an awkward position as it appeared he was questioning a decision which the council had already made and his actions were therefore being interpreted as a "lack of

confidence" in the committee's decision. He said the road superintendent had not told him that a backhoe was required, although he did agree that use would be found for the equipment if it were purchased.

- Kenney suggested it would be difficult for the three main departments to co-ordinate the use of the backhoe during the busy six month summer period.

The debate came to an end as the council had called for a special afternoon meeting with planners to discuss the municipality's official plan. However, following that meeting, the discussion

## 1984 County budget

(from page 1)

more money on assisting the development of attractions rather than adding to the promotion budget. Fearrey pointed to the additional money for the snowmobile clubs as an example of this attitude. "The committee would like to develop a greater dialogue with the Chamber of Commerce," Fearrey said. "We would like to get the politics out of the Chamber and want to take a fresh look at the operation of the Chamber." The Dysart reeve said the committee had developed a

"program" which it wanted to present to the Chamber's board of directors for consideration. He gave no indication of what that program might entail.

- the Boundary Information Centre was excluded from any county support. The centre is jointly sponsored by the municipalities of Lutterworth and Anson, Hindon and Minden. Fearrey said it was the consensus of the management committee that the funding not be supplied for the new centre. He noted that Dysart provides funding for the information caboose in Haliburton Village.

- a grant of \$1000 was approved for the Cardiff Information booth.

- a grant of \$300 was given to the Haliburton Highlands Water Levels Committee to assist in the preparation of a report on water levels in the county.

- the Haliburton County Public Library system will receive \$53,500 this year, compared with \$47,750 spent last year.

- \$24,000 has been set aside for the operation of the county's land division committee. It is expected that some \$20,000 will be recovered through fees charged by this committee.

## Who pays what?

The following chart outlines the allocation of the municipal share of the Haliburton County requirements for 1984.

Comparison of levy and percentage liability 1984/83

| 1983 Levy         | 1983%       | 1984%       | 1984 Levy         |
|-------------------|-------------|-------------|-------------------|
| 146,602.94        | 16.986      | 16.809      | 147,759.01        |
| 10,184.36         | 1.180       | 1.144       | 10,056.30         |
| 44,586.76         | 5.160       | 5.395       | 47,424.59         |
| 329,058.26        | 38.126      | 37.965      | 333,730.19        |
| 49,325.08         | 5.715       | 5.745       | 50,501.25         |
| 62,944.50         | 7.293       | 7.774       | 68,337.11         |
| 31,873.58         | 3.693       | 3.712       | 32,630.23         |
| 70,634.55         | 8.184       | 8.022       | 70,517.15         |

# Tanglefoot provides a musical history lesson

by Michael Shirley

A near capacity audience was treated to a unique interpretation of Canada's history and culture on Wednesday evening as the Arts in the Haliburton Highlands concert series presented Tanglefoot in Concert.

The group is made up of three young men, Tim Rowat, Joe Grant and Bob Wagar who live in the Peterborough area. The trio has combined their talents as musicians, actors and writers to present an original production that is set in New France and Upper Canada during a time when Europeans were first beginning to settle in the New World.

While the performers relate their stories and perform both traditional and original songs and instrumentals, scenes of the life of the pioneers were projected on two large screens that flanked the darkened centre stage.

The continually changing images included photographic slides of paintings and drawings chosen from the collection at the Public Archives of Canada.

The artists performed in costumes identical to those worn by the people depicted on the screens. The authentic wardrobe was created by Bernice Scott, the group's manager, technician and self described den mother.

The first hour of the show

was set in New France. The three members of the group assumed the identities of a farmer, a voyageur and a representative of the King. Alternating stories, poems and songs, the artists presented a personal view of the pioneer society.

They performed the rollicking songs of the voyageurs and told tales of these adventurers who traded with the Indians and brought furs by canoe to the new settlements. These voyageurs thought of themselves as "Masterless men free from the king and church" but as the stories revealed these men were not free from superstition. Tales were told of men who became wolves and of the voyageurs who made an oath with the devil so that their fur laden canoes could rise above the waterways and fly through the clouds.

The mood of the show changed as the poems and ballads described the arrival of women in the settlements and the inevitable and sometimes humorous courtships that took place. The group was able to show off their musical talents during the performance of a number of dance tunes that were complemented by the projected scenes of the social gatherings.

## Ontario history

The second half of the concert took place in Upper Canada and new characters were introduced.

Joe Grant portrayed a former British soldier who was trying to make a living off the land. Tim Rowat was a British Empire Loyalist who had escaped from "Yankee oppression" and Bob Wagar took on the part

Tanglefoot, from the left, Tim Rowat, Joe Grant and Bob Wagar.

of the son of a British nobleman who was writing a book about the new colony.

Still combining traditional songs with original material the performers vividly described the battles between the troops of General Brock and the American invaders.

There were also descriptions of the battles against the country. The old soldier joked about the surprise attacks of the black flies — "who tendered up your skin for the mosquitoes" until the beleaguered pioneers ended up "praying for the snow and the cold winds to blow."

The earthy humour of the old soldier was contrasted by the complaints of the nobleman's son who deplored the lack of civilization and welcomed the advent of law-and-order as symbolized by the construction of the Don Jail in Muddy York. His speech was followed by a song about the jail that included the lines "If you want to get into that palace so neat,

drink Tanglefoot whiskey and get drunk on the street".

As in the descriptions of life in New France there was a darker side to life as revealed in the poem about the Shadow Hunter who roamed the hills in the winter. Anyone who met this apparition had their hair turned white as they "whithered in his blight". The loneliness of the isolated existence of the soldier and the dangers of fires and disease were also

dealt with but the concert ended on an optimistic note, when the Loyalist offered his philosophy that "Whether you are a young person or a young country there are always growing pains."

Tanglefoot in Concert was presented as a "great introduction to Ontario's Bicentennial". The concert was more than just a great introduction it was, as one member of the audience put it, "a great history lesson."

## Pair die in head-on crash

Two men have lost their lives following the high speed, head-on crash of two snowmobiles on Haliburton Lake in Harburn Township Saturday evening.

Dead is 40 year old Howard Speck of Hornby, Ontario and Brian Mc Duffe, 40, of Milton.

According to the police, the pair had left a cottage on the lake shortly before 11:30 p.m. They had intended to travel to the Dorset area.

However, a short time after leaving the cottage, those who remained behind heard a crash. The occupants went out to investigate and found the two snowmobiles destroyed and the two drivers dead. Since there were no witnesses to the incident, there is no indication of how or why the machines became involved in a head-on crash. The police report that the headlights of both machines were on at the time of the incident.

The attending coroner was Dr. Harry Good of Haliburton. Constable Bob Pearson was the investigating officer.

## Car taken

A charge of theft and failing to report an accident has

been laid against Darren Stamp, 20, of Haliburton following an incident early Saturday morning.

According to the OPP, a vehicle was taken from the parking lot of a Haliburton Hotel at approximately 12:30 a.m. as the owner was inside purchasing a pizza. The vehicle was driven from the yard and onto Highway 118. However, after turning left, the vehicle failed to negotiate the first curve in the road, travelling on the right shoulder for a distance before striking some guard rails and careening across the road into the ditch.

The vehicle sustained \$2500 damage. Constable Mike Legge was the investigating officer.

## Backhoe

continued in a closed committee of the whole session. Following that meeting the council agreed to negotiate the borrowing of the money from the water system if the backhoe is to be purchased and that an investigation be carried out to establish whether the equipment is needed by the various municipal departments.

## ATTENTION STUDENTS

Applications for Boundary Information Centre attendants for summer season will be received until 5 p.m., Friday, April 6, 1984. Applications may be handwritten or typed detailing work and school experience, interests, etc., and should be addressed to Mrs. Elinor Burke, Box 98, Minden, Ontario.

Interviews will be conducted Sunday, April 15 at 10 a.m.

# The art of compromise

It was a week of compromise in municipal politics.

A saw-off in the Ingoldsby bridge dispute was announced Wednesday when county roads committee chairman presented his compromise to the council. The proposal, to upgrade the existing structure by strengthening and widening it to two lanes, with minimal disturbance to the surrounding land, represents an excellent middle ground solution. One extreme the committee had earlier proposed that nothing be done to the bridge. At the other extreme was a completely new structure.

The do nothing proposal would have left a potentially dangerous structure in place, severely impaired by the limitation of one lane traffic and weight restrictions. The new bridge option threatened to reduce clearance for boating traffic, resulting in disturbance of adjacent property owners and cost close to \$600,000.

The solution offered provides for the necessary improvements to the bridge in regard to safety and load limit while respecting the requests of local residents and boaters.

The second compromise represents not a definite solution to a controversy but at least helps place the issue of a backhoe purchase in Anson, Hindon and Minden into perspective. The council has decided, with the guidance of the reeve, to establish, first, if a backhoe will indeed be a useful purchase for the township by conducting a needs study, and secondly, will negotiate to borrow the money from the water system to make the purchase.

The proposal offers some breathing room allowing those in the middle of the fray as well as those on the periphery to assess the need in a clear light. That presupposes, of course, that the needs investigation will be a realistic assessment of the municipality's requirements and its options in renting a similar service.

While some may say that compromises are indications of weakness, we suggest they are signs of common sense and concern for everyone's welfare.

Remnants of autumn.

## Pomp, pageantry at Park

- by John Eakins, MPP -

Last Tuesday, March 20, witnessed the official opening of the fourth session of the thirty-second Parliament of Ontario. This is largely a ceremonial day with lots of pomp and pageantry, and for greeting old friends and colleagues. Before the official opening of the House, His Honour the Lieutenant Governor and Mrs. Aird arrived at the Legislature Building in an open landau and inspected the guard of honour.

My wife, Iris, and I were honoured to have as our guests for the opening the Wardens of Victoria and Haliburton Counties and their wives. Philip and Genevieve Payne and Lyle and Linda McKnight are certainly excellent ambassadors for their respective counties, and we were delighted that they were able to attend the Legislature's official opening and also the reception hosted by His Honour and Mrs. Aird.

The reading of the Throne Speech is in reality the government program for the future. It was quite lengthy

this year and concerned many areas. The Throne Speech is simply a broad document of intentions and this will be expanded on with the introduction of the Treasurer's budget and other legislation.

All too often, many of the proposals are recycled from previous speeches; while it is also traditional, I suppose, for government to say it was a great speech and the opposition to say they are hollow promises. I will reserve judgement and inform you later as to whether these concerns have really been addressed.

We do need programs to combat unemployment. That is a priority for all ages. There is a great need to help out our youth and also older people with family responsibilities who suddenly find themselves without employment.

Sometime in the future, the government plans to provide more money for the Career Action Program, something I have long talked about. One section of the speech refers to skills

training. It is important that this be dealt with immediately. It is simply unacceptable that while our young people walk the streets looking for a job, the Ontario government recruits specialized labour from overseas. What's wrong with our educational system that we cannot train our own people to fill these jobs at home? We have to stop trying to put a new coat of paint on old problems.

In the field of agriculture, while Ontario leads the nation in the number of farm bankruptcies, the Throne Speech promises research on new crops, and yet the portion of the provincial budget devoted to agriculture has declined from 1.83% in 1971 to currently 1%. At the same time, the University of Guelph's agriculture facilities are being financially strangled.

I can only hope that in the next few weeks, the government will respond to the needs in a number of areas. If they do, they will have my full support.

I will keep you informed.

## letters

Editor:

On Wednesday, March 21, 1984 there was a "Streetproofing" meeting at Archie Stouffer School.

What is Streetproofing? It is preparing your child for the worst, being sexually victimized, and how that child can try to avoid situations. What that child should do if victimized. It is also admitting that it might just happen to your child; and preparing yourself for dealing with it. It's not the greatest thing to think about, but it happens all the time. It is important to know how to deal with the problem.

I am very surprised at how many mothers didn't attend, and I'm even more surprised at the fact that only one male person was at this meeting. I thought the father-son/father-daughter bond was important. What is the cost of a babysitter when your child's life could be saved with a little Streetproofing?

I wonder how many of you remember Sharin Morningstar Keenan who was playing in a Toronto park about a year ago and was found about 100 yards from the park, dead in a refrigerator. I bet her parents thought that would never happen to their child.

The only way we can prevent children from being sexually victimized is to cure the ignorance of the parents about this matter. Perhaps the school should try again; but then perhaps the fifteen people that came to the first meeting are the only ones concerned with this problem.

I would like to thank the school, and especially Mrs. Maureen Daigle from Outreach for educating those of us that were there.

V. Wolfram,  
Minden.

Editor:

We have noted in your February 22, 1984 edition your story on "Lake Association suggests limit to water drawdown".

In the March 21 edition of this paper was a news release from the Haliburton Highlands Water Levels Committee advising of the formation in October '83 of a sub-committee to compile a comprehensive situation appraisal report on the Trent-Severn reservoir lakes and waterway system, and inviting input to County of Haliburton or myself.

Some additional information follows.

The approach to this project/report consisted in cataloguing, classifying and analyzing all relevant

Participants dressed in an array of interesting and humorous attire provided a colourful and entertaining tableau to the delight of participants and spectators alike. Photographs on this page offer a glimpse of the fun enjoyed by all.

## from the chamber

A tradition has developed in our country to celebrate Canada Day by holding special events involving the entire community in all parts of Canada on July 1. These events are wide ranging and as varied as the kinds of groups which sponsor them. What is important is that their celebrations commemorate the spirit of our great nation, its people and its accomplishments.

This year is a very special year for our nation, and for Ontario in particular. In keeping with the anniversary celebrations, and in order to encourage Canadians to remember the founders and discoveries of their country, the National Canadian Day Committee has adopted the theme "Explorers of Canada" for its 1984 celebrations.

We hope when you plan your project you will take the opportunity to recall Canada's history and develop activities around Canadian explorers or incorporate a local historical event or figure in your project. In this way we will join in a national celebration of Canada's heritage on Canada Day.

Should your group want to organize a Canada Day project and require additional funding, limited funds are available from the Canada Day Committee on a "seed money" basis. Seed money, or start up funds, are provided as a basis for seeking out other sources of support from your community, either through financial donations or contributions of goods and services. A successful event will require total involve-

ment from your community and seeking other sources of support will promote this involvement.

Should your group want to organize a Canada Day project and require additional funding, application can be made to the: Ontario Canada Day Committee, Suite 200, 25 St. Clair Ave. East, Toronto, M4T 1M2, (416) 966-7518 (call collect).

All applications will be assessed by the Volunteer Provincial / Territorial Canada Day Committees and will be assessed according to criteria explained in the application forms and particularly on the basis of how your proposed project commemorates our nation's birthday.

The deadline for application is May 15, 1984.

### Ministry support

While we were working the Sportsmen's Show in Toronto last week, we took a few minutes out to visit the office of the Ministry of Tourism and Recreation on Bloor Street. It was reassuring to see that Haliburton County was represented in their information files.

The Ministry provides a travel counselling and information service to answer enquiries regarding vacations in Ontario. This is a toll free service and they tell me that they answer up to 3000 calls on a busy day.

We are also represented in the numerous publications distributed by the Ministry through their travel information centres. These publications are mailed in direct response to enquiries

directed to the Tourism Information Centre. They also maintain Travel Centres in the United States, Britain, and Germany.

No matter how you look at it, tourism is a vital factor in our economy. Tourism means increased food sales, retail sales, services and accommodation. Your Chamber of Commerce is actively involved in promoting the attractions we have to offer. We were impressed to see the organized effort the Ministry of Tourism is exerting on our behalf.

### Sportsmen's Show

Our great outdoors held a wide range of appeal to the many perspective vacationers visiting our booth at the Sportsmen's Show this year.

Winter, summer, spring and fall: visitors were interested in the activities we offer for year round enjoyment. Where can we golf in Minden? If we rent a cottage, is there a good restaurant within driving distance? Tell us about your cross country ski trails? Is Haliburton a good place to take the kids for a family holiday? We were happy to have the answers ready, everyone appeared to be pleased with the information available.

The quilt displayed by the Agnes Jamieson Gallery was a great drawing card. We sold more than 500 tickets during the first four days of the show.

## Ingoldsby bridge plan has council's approval

The county road committee has devised a plan for the Ingoldsby bridge which appears to have the support of all members of the council.

The proposal was presented at the March 21 meeting of Haliburton County Council by the committee chairman, Bicroft Reeve Bill Howe.

According to Howe, the committee has agreed to carry out a reconstruction program which will not decrease the clearance under the structure, will have minimal impact on private property adjacent to the bridge and cost an estimated \$300,000.

The committee was asked by the council to reconsider an earlier decision not to spend any money on the structure. That decision was delivered at the January meeting of the council and resulted in objections, especially from Dysart Reeve Murray Fearrey.

Howe told the Wednesday meeting, "At our last committee meeting, I proposed a concept, which, I feel will resolve this

ongoing, unpleasant situation."

The proposal included the following points:

- a widening of the existing abutments and footings to accommodate a deck width of 8.5 metres (9.2 yards) which will allow for two way traffic and remove the load limit.

- remove and replace the existing deck with box beam girders or equivalent concrete barrier walls along each side for safety reasons.

- approach slope fills can be treated by the installation of gabion baskets which will help keep interference with adjacent property owners to a minimum.

Howe said the idea had been discussed with Ministry of Transportation and Communications officials and they felt there would not be any significant construction problems with this proposal.

The committee chairman pointed out that the approach would allow the present alignment to be maintained, both vertical and horizontal without interfering with the

clearance for boats. The interference with shoreline will be minimal.

Howe expected construction could be carried out during this year.

Dysart Reeve Murray Fearrey said he felt the proposal represented an "excellent position...it will serve the county and community well," he commented.

Howe said the \$300,000 cost is approximately half the amount estimated for the construction of a new bridge. The amount was included in the 1984 budget present at the same meeting.

The reconstruction or replacement of the bridge has been a point of contention for a number of years with Ingoldsby residents, adjacent property owners, Anson, Hindon and Minden Council and Haliburton County Council all being drawn into the dispute at one time.

**YOU CAN  
HELP TOO.** 

## Consider what an electric heat pump has to offer.

### 1. CLEANLINESS

Electric heat is flameless heat. There's no smoke. No soot. No dust. No fumes.

### 2. COMFORT

It not only heats in winter. It cools in summer.

### 3. FLEXIBILITY

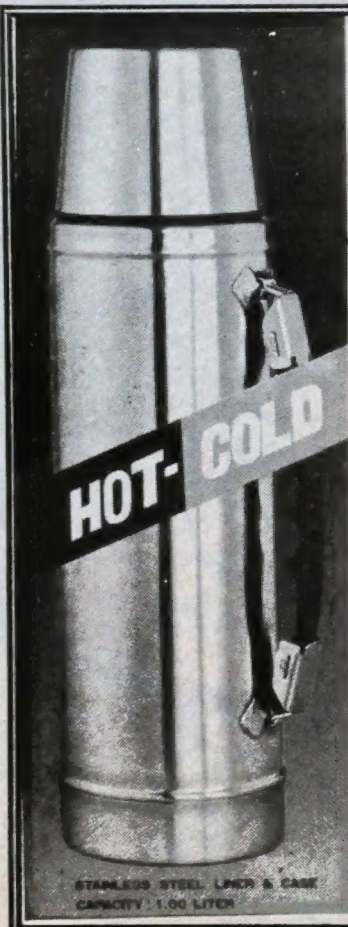

It may be used with an existing oil furnace and prolong the life of your furnace. Or, if you replace your oil furnace with an all-electric system, you can use your home's existing ductwork.

### 4. COST SAVINGS

It could reduce your heating bill by 20-30% a year.

Call your local Hydro and join the converted today.

(from page 4)

material assembled particularly in the last seven years and in some cases going back ten, and up to, 20 years. This included prior briefs and submissions to Ministers, correspondence, minutes of meetings, newspaper reports, input from lake associations, public meetings and Trent-Severn Waterway data.

The Conservation Authorities Act, the Canada - Ontario Flood Damage Reduction Program Agreement, the Canada - Ontario policies for Rideau Trent-Severn corridor, the Terms of Reference for a floodline mapping study in the village of Minden were all reviewed along with the 1905 Order in Council transferring the dams, canals and other works to the federal government.

The committee attended the Kawartha Region Conservation Authority 1983 Annual meeting and have obtained and reviewed their annual report.

Consultants reports (Lockwood Consultants, 1972 on the Burnt River Reservoir Study and the Acres Reports I and II of 1973) were also analyzed.

The report by Reiner Jaakson "Water Level Fluctuation and Cottaging on the Trent Canal Reservoir Lakes" August 1973, was thoroughly reviewed.

In addition to which the Committee members interjected their considerable knowledge gained from numerous meetings with the Trent - Severn Waterways people, CORTS, the Water Levels Committee, Lake Associations and the general public, Ministries of Natural Resources and others.

The sub-committee members are from management and professional ranks in the private industry sector and have between them about 50 years experience on the subject.

The terms of reference for this report/project were patterned after the "Water Management Improvement Study proposed for the Muskoka River System" approved and prepared under the Canada / Ontario Flood Damage Reduction

Program as published by Environment Canada and the Ministry of Natural Resources February 1983.

The very comprehensive Hawk / Hall's Report is one of about two dozen submissions received, and will be given very serious consideration.

The bottom line of course is, if the drawdown for one lake is reduced the water must come from somewhere else.

The second question to be addressed is, that, other than Parks Canada who operate the system, who is in control?

The report is in an advanced draft stage.

We trust you will find the above helpful.

Waterway System

Editor:

I thought you might be interested in seeing the "editing" done to letters submitted to the Editor of the Toronto Star.

I am enclosing a copy of my letter written in reply to the half-page story the paper saw fit to print describing two individual cases in the County.

This is not the first time I have experienced The Star omitting portions of letters, which in one case completely changed the context of the letter.

Is this what they call "Freedom of the Press?"

**Mrs. J. E. Burton,**  
Minden.

**Editor's note:** The following is the 'letter to the editor' which Mrs. Burton submitted to The Star.

Dear Sir:

As a resident of Minden for several years, I read with amazement of the "sad" story by your reporter Roy

MacGregor in the March 19th edition.

Mr. MacGregor obviously is not aware that there are hundreds of small villages in this province, in the so-called "cottage country" which are devoid of industry which can offer year round employment. These areas, however, enjoy brisk business with tourists and cottagers from April to November.

If Mr. McNab was a "successful businessman" in Brampton he should have had the foresight to investigate the employment situation in Haliburton County before deciding to re-locate.

Had your reporter and Dr. Davidson spent some time driving around this community to see the many lovely, well-cared-for homes and spoken to some of the local residents he could not, in all honesty, have painted such a picture.

The Government offers many re-training programmes which Mr. Ford should have investigated. That \$11,300 settlement could certainly have helped while he was qualifying for more suitable employment.

Unfortunately, it is typical of the Star to send a novice reporter to sensationalize such individual cases and create the impression that this is a

completely devastated area, which is an utter fallacy.

**Helen D. Burton**  
(Mrs. J. E. Burton)

**Editor's note:** The following is how Mrs. Burton's letter appeared in The Star.

Cottage country  
not a devastated area

As a resident of Minden for several years, I read with amazement your report Welfare or workfare (March 19) for the writer seems to be not aware that there are hundreds of small villages in this province, in the so-called "cottage country," which are devoid of industry that can offer year-round employment but enjoy brisk business with tourists and cottagers from April to November.

Had you spent some time driving around this community to see the many lovely and well-cared-for homes and spoken to the local residents, you could not have painted such a picture. To sensationalize such individual cases (of poverty) and create the impression that this is a completely devastated area is an utter fallacy.

**Helen D. Burton,**

## CORPORATION OF THE TOWNSHIP OF LUTTERWORTH NOTICE

IN THE MATTER OF THE MUNICIPAL ACT: and IN THE MATTER OF a proposed By-law of the Corporation of the Township of Lutterworth to stop up and close portions of the 66-foot 'unopened' Original Shoreline (Marine) Allowance for Road around the shoreline perimeter of Moore's Lake, in front of Part of Lot 26, in Concessions 5 and 6 and in front of 33 feet of the Original Allowance for Road between Lots 25 and 26, in Concession 6, in the Township of Lutterworth and to convey the aforesaid Shoreline Allowance Portions to the abutting property owners.

NOTICE IS HEREBY GIVEN, pursuant to Section 301 (1) (a), of the Municipal Act, R.S.O. 1980, that the Council of the Corporation of the Township of Lutterworth proposes to consider and, if deemed advisable, to pass at its Regular Meeting to be held at the Council Chambers, 3 miles south of Minden on Highway No. 35, on Thursday, April 19th, 1984, at the hour of 7:00 o'clock P.M., a By-law to stop up and close the parcels of land more particularly described as follows:-

### SCHEDULE "A"

ALL those parts of the sixty-six foot Original unopened Shoreline Allowance for Road along the shore of Moore's Lake in front of Part of Lot 26, in Concessions 5 and 6, in the Township of Lutterworth, in the County of Haliburton, designated as Parts 9 to 27 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton (19) as Plan 19R-2945.

AND, in addition, to convey Parts 9, 11, 13, 15, 17, 19, 21, 23, 25 and 27 to the owners of the abutting Instrument Numbers 31541, 34475, 32028, 99342, 10792, 77660 and 77662.

### SCHEDULE "B"

ALL those parts of the sixty-six foot Original unopened Shoreline Allowance for Road along the shore of Moore's Lake in front of Part of Lot 26, in Concession 6 and in front of thirty-three feet of the Original Allowance for Road between Lots 25 and 26, in Concession 6, in the Township of Lutterworth, in the County of Haliburton, designated as Parts 1 and 2 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton (19)a as Plan 19R-3010.

AND, in addition, to convey Part 1 on Survey Plan 19R-3010 to the owner of the abutting Instrument Numbers 16943, 2436 and 80149.

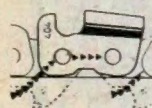

Copies of the Survey Plans 19R-2945 and 19R-3010 are attached to the proposed By-law and may be viewed at the Lutterworth Municipal Office during normal working hours.

AND TAKE FURTHER NOTICE that, before passing of the said By-law at its meeting to be held at the time and place above-mentioned, the Council of the Corporation of the Township of Lutterworth, shall then and there hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at the Township of Lutterworth this 14th day of March, 1984.

# Austin rink takes Straw and Stone

by D. Thomas

The seventh annual Straw and Stone Mixed Bonspiel was held in Minden last weekend with Dale Austin's team capturing top spot.

Dale's rink of husband Bob and Doug and Lyn Colbourne will have their names engraved on the Hiram Walker Trophy.

Not only did they win the bonspiel but they were also named as the best dressed team in this costume 'spiel. Doug was a dapper Count Dracula while Dale was his appealing Countess. Bob flitted about as the famously rich and charming Sheik of Araby while Lyn posed as a sultry Jane, sporting a leopard-skin cloth that was, undoubtedly, tanned from the smallest adult leopard ever captured.

In the curling vein, Dale and her crew posted three wins for 35 3/4 points, edging Jim Burton's team by one point. Austin defeated Don Blakey 8 - 4 Friday night and then followed that with an 11 - 7 triumph over Roy Colliss and an 8 - 7 squeaker over Bill Obee on Saturday.

Burton's three wins and 34 3/4 points gave him second place, allowing Jim and his rink of Diane Warnes, Carl Northey and Jim Kirk to have their names engraved on the Wrightman Realty Plaque.

Friday night Jim posted a 7 - 5 victory over Don White and followed that on Saturday with an 8 - 7 edging of Gary Anderson and an 8 - 3 defeat of the Barry Marshall quartet.

Third place went to Bill Obee's team of wife Penny, and Neil Hodgson and Pat Jermey. Bill accumulated 30 points from two victories, his only loss coming at the hands of the eventual champions.

Bill's team thumped Roy Colliss 11 - 2 in game one while he narrowly got by Jerry Pillsworth 8 - 7 in the second game.

Don Blakey's troops came in fourth with 29 points from two wins and a loss. Don lost to Austin but squeaked by Alec Kernohan 9 - 8 and then blasted Pillsworth 11 - 3.

Bill Dillon's foursome captured fifth spot with 28 points from 2 wins and one loss.

Dillon got by Gareth Kellett 7 - 4 and best Lloyd Boskett 8 - 5 but lost to Marshall 4 - 3.

The sixth place prize winner was the team headed by Don White. Although Don lost to Burton, he blasted Kellett 12 - 4 and then scraped out a 6 - 5 victory over Anderson. Don finished with 27 3/4 points.

The Barry Marshall crew grabbed seventh place with 23 1/4 points. Aside from his loss to Burton and win over Dillon, Barry and his mates also defeated Keith Oitment by a narrow 6 - 5 margin.

The order of finish for the other teams are as follows: Jerry Pillsworth - 23 points; Gary Anderson - 22 3/4 points; Alex Kernohan - 20 1/2 points; Lloyd Boskett - 19 1/4 points; Keith Oitment - 19 points; Gareth Kellett - 17 3/4 points; Roy

Winners of the annual Straw & Stone bonspiel receive their championship trophy from costumed convenor Bill Dillon, right. The winning rink included Lynn and Doug Colbourne and Dale and Bob Austin.

Colliss - 11 1/2 points.

The Colliss team's last place finish turned out to be the "boobies for babies". Roy and Shirley Colliss and Ron and Cheryl Murdoch were dressed in baby attire as well as capturing the bobby prize of shoelaces. Moreso, Shirley and Cheryl were voted the best dressed ladies at the 'spiel.

It was unanimous that John Dennys would be named the best dressed man as he paraded in his prettiest Sunday dress and blond wig. Because of his overstated endowments, he was soon tagged as the 'buxom Haliburton Heidi'.

Along with the excellent competition, costumes and dinner, the highlight of Saturday evening was the live entertainment organized and emceed by Bob Austin.

The variety show, entitled

'Stony Straw Revue', featured a contest of musical ability among some of the loveliest lasses you'd ever want to meet.

Vying for the crowd's approval were the illustrious three ladies: Samantha Cesspool (John Dennys); Helga Horsemanure (Alex Kernohan) and Greta Garbagecan (Barry Marshall). This bevy of beauties were awarded first (or last) place for their enchanting renditions of well-known (but no longer well-liked) songs.

A tip of the hat to all those who participated and special thanks to the committee of Louise Dennys, Marian Anderson, Sharon Kernohan, Anita Beaver, Elaine Blakey, Bob Austin and Dwight Thomas.

Thanks also to the ugly duckling and his wonderful wife who handled the bar.

## Tom Stinson honoured

The 25th of February was a big day for the men of the Haliburton Seniors Curling Club, but most of all for Tom Stinson.

A bonspiel in his honour was organized by the Club and will be an annual event from now on.

The trophy was donated by the Haliburton Red and White and will remain in the lounge for all to see.

Each member of the winning team will take home an individual prize.

Tom Stinson is a well known and honoured member of the Haliburton community and is known among his peers as "Mr. Curling".

It was Tom Stinson's idea to form a senior's curling group in the village of Haliburton and with perseverance and hard work he got a committee organized and the club was off to a fine start.

It was with great pleasure this Tom Stinson 'spiel was

organized and in the true tradition of special curling events the competing teams were led down the ice to the skirl of pipes played by Earl Cooper, the well known piper from West Guilford.

The competing teams came from Peterborough, Woodville, Minden and Haliburton. Next year teams from Bobcaygeon, Kinmount and nearby areas will participate.

George Dickie's rink from Minden was the winner of this special event and he and his team mates of Tony Dymott, Pat McCarthy and Frank Codlin will be the first to have their names on this trophy.

The following week to a standing ovation and an unanimous vote Tom Stinson became the first life time member of the Haliburton Seniors Curling Club.

Congratulations to Tom, a fine Gentleman.

## CORPORATION OF THE TOWNSHIP OF LUTTERWORTH NOTICE

IN THE MATTER OF THE MUNICIPAL ACT: and IN THE MATTER OF a proposed By-law of the Corporation of the Township of Lutterworth to stop up, close and convey a portion of the 66-foot 'unopened' Original Allowance for Road, between Lots 25 and 26, in Concession 8, in the Township of Lutterworth, in the County of Haliburton.

NOTICE IS HEREBY GIVEN, pursuant to Section 301 (1) (a), of the Municipal Act, R.S.O. 1980, that the Council of the Corporation of the Township of Lutterworth proposes to consider and, if deemed advisable, to pass at its Regular Meeting to be held at the Council Chambers, 3 miles south of Minden on Highway No. 35 on Tuesday, May 1st, 1984, at the hour of 4:00 o'clock p.m., a By-law to stop up, close and convey the parcel of land more particularly described as follows: -

### SCHEDULE "A"

ALL that part of the sixty-six foot unopened Original Allowance for Road, between Lots 25 and 26, in Concession 8, in the Township of Lutterworth, in the County of Haliburton, designated as Part 1 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton (19) as Plan 19R-2984.

A copy of Survey Plan 19R-2984 is attached to the proposed By-law and may be viewed at the Lutterworth Municipal Office during normal working hours.

AND TAKE FURTHER NOTICE that before passing of the said By-law at its meeting to be held at the time and place above-mentioned, the Council of the Corporation of the Township of Lutterworth, shall then and there hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by said By-law and who applies to be heard.

by Dwight Thomas

### Men's Seniors League

Congratulations to the first schedule winners of skip - Harold Morgan, vice - Fred Martin, second - Jerry Durant and lead - Aulis Orpana who have been awarded the Bruce Scribner Trophy as the Men's Seniors champions. Harold and crew were to have played the second schedule winners to determine the trophy winner, however, the second schedule champs were unable to play, thereby allowing Harold to capture the laurels.

The winners of the second schedule were: skip - Ed Pettinger, vice - Ev Rudd, Ed and Tom Hurtt ended

second - Aulis Orpana and lead - Clayt Hummell. Ed and Tom Hurtt ended up tied with 60 points but Ed got the nod as he accumulated more ends than Tom managed.

Third spot went to George Dickie with 50 points; Jack Bassett had 45 points for fourth spot; tied for fifth with 35 points were Jim Burton and Les Walling; seventh spot was shared by Stan Blears and John Beachli Sr. who had 30 points each; Cec Yearwood had 25 points for ninth position; Jim Holmes and Harold Morgan tied for tenth with 20 points and Tom Stinson ended in the final spot with 15 points.

### Senior Mixed League

The first schedule winner of this league was the George Davidson rink of vice - Louella Yearwood, second - Hory Baker and lead - Ruby Kennedy. Second schedule winners were skip - Jane Graham, vice - Fred Martin, second - Alice Cox, and lead - Pat Clarke. These two winners played off on Monday to declare an overall champion. An exciting game was held with the Graham team prevailing by a 5 - 4 score in an extra end.

Congratulations to the winners of the Seniors Mixed Trophy: Jane Graham, Fred Martin, Alice Cox and Pat Clark.

### Senior Ladies' League

Louella Yearwood's rinks captured both schedules this year and have been declared champions. Louella's first schedule team was composed of vice - Lois Titus, second - Shirley Colliss and lead - Elizabeth Wright. Her second schedule winners included vice - Lois Titus, second - Aileen Blears and lead - Elizabeth Wright. Congratulations girls.

### O.C.A. Governor-General's Playdowns

The draw has now been made for the Ontario Curling Association's Men's Governor-General's competition which will be held in Minden, Saturday, March 31 and Sunday, April 1.

This is a double-rink competition with each club in our zone allowed one two-team entry. The winner and runner up of this zone final will go on to the regional playdowns to be held at the Dalewood Curling Club in Port Hope the following weekend. The winners of that playdown go on to participate in the Ontario finals the next weekend.

The two teams representing Minden are as follows: Team A - Bill Obee, Paul Prentice, Ron Reid and Carl Northey; Team B - Dwight Thomas, Merv Mintz, Jerry McKelvey and Paul Heffer.

The competition begins at 10 a.m. Saturday with Minden playing Lindsay and Peterborough C.C. taking on Bancroft. At 1 p.m. Saturday, Lakefield plays Cannington and Bobcaygeon tackles Ennismore.

The four winning clubs from the first two draws play at 5:30 p.m. Saturday. From these games there will be two clubs still unbeaten and they will play Sunday at 10 a.m. to determine the zone champion.

As this is a provincial competition, each game is 10 ends in duration and it is a single knockout competition. The aggregate score of each club's two teams is used to determine a winner.

That means that if Minden's A team loses to Lindsay's A team by a 9 - 7 score while Minden's B team defeats Lindsay's B team 8 - 4, then Minden is declared the winner on an aggregate score of 15 - 13. Lindsay would thus be eliminated.

The Minden Senior Curlers and guests, 104 strong, attended their annual banquet on Monday, March 26 to complete a very successful year. The agenda for the wind-up included final playoffs, roast beef dinner, trophy presentations and dancing.

Contributing to the success of the year were the President, Al Stott, his very able executive and volunteer workers.

Harold Morgan's rink captured first place in the Monday afternoon Men's playoff. The members of his rink were Fred Martin, Gerry Durant and Aulis Orpana. Ed Pettinger skipped the runners up rink. His team included Ev Rudd, Aulis Orpana and Clayt Hummell.

The Wednesday Afternoon Ladies curled two schedules. The winner of the first schedule was skipped by Louella Yearwood and her team members Lois Titus, Shirley Colliss and Elizabeth Wright. Louella Yearwood won the second schedule too and the team members were Lois Titus, Aileen Blears and Elizabeth Wright.

The Friday Afternoon Mixed winner was skipped by Jane Graham. The members of her team were Fred Martin, Alice Cox and Pat Clarke. The runners up rink was skipped by George Davidson and the members of his rink were Louella Yearwood, Jack Harrington and Ruby Kennedy.

The curling is over for this year but the executive is already planning the September Golf Day and the opening Wine and Cheese party. An invitation is extended to all to come out and join in the fun.

Winners of the Men's Senior Curling championship receive congratulations from Al Stott. They include, from the left, Aulis Orpana, Harold Morgan, Jerry Durant, and Fred Martin.

The winners of the Friday afternoon Mixed competition were the Jane Graham rink, which include, from the left, Pat Clarke, Alice Cox, Jane Graham and Fred Martin.

# Foamblowers force fifth game in final

The Rockcliffe Foamblowers won their second game in a row against Hartwick Construction to tie their final play-off series at two games apiece. The 'Blowers came up with a 12-3 victory in Men's Recreational Hockey action on Monday night.

Joe Giles opened the scoring for the 'Blowers at the nine minute mark of the first period on an assist from Dave Brown. Four minutes later John Barkwell teamed up with Dave Crego to tie the game at a goal apiece.

Hartwick went ahead for the only time in the game 20 seconds later on Larry Sawyer's unassisted goal. With 4:49 left in the period Harris Steele tied the game

at two all. Assists went to Dave Hartwick and Ken Casey.

Eight minutes into the second period Dave Hartwick put the 'Blowers up a goal after taking a pass from Harris Steele. At the half way mark of the period Larry Sawyer knocked in his second goal of the night to tie the game at three goals apiece. John Barkwell and Lawrence Loughheed assisted on the play.

Thirty seconds later Dave Brown scored what turned out to be the game winning goal to put the 'Blowers ahead 4-3 at the end of the second period.

The 'Blowers ran away with the game in the last 20 minutes of play scoring 8 unanswered goals. Harris Steele and Dave Hartwick connected on a pair of goals and an assist to give them three goals each for the night. Jim Keetch added a goal and two assists and single goals went to Wayne Johnson, John Todd and Kim Hamilton. Dave Brown and Rick Boucher each assisted on two goals.

The two teams meet again for the deciding game of the playoffs next Monday evening at seven o'clock.

## Tournament

On Saturday the four teams in the Minden Men's Recreational League will be competing in a tournament with their counterparts from Haliburton.

The tournament gets underway at 9 a.m. in the Minden Arena with a game between Curry Motors and Hall's Insurance. At 10 p.m. Emmerson Lumber and Hartwick Construction take to the ice.

At 11 a.m. the Rockcliffe Foamblowers host Bishop and Wilson who won the Haliburton Men's Championship.

At noon Haliburton takes on Home Hardware. Championship and Conso-

lation rounds will be played throughout the afternoon with the final game slated for six p.m.

Admission to the all-day tournament and the final game of the season on Monday is free.

The Minden Tykes were victorious during a weekend tournament held at Minden arena. The young hockey players defeated Orono to claim the championship. Team members include, from the left, Rhys Gray, Michael Martin, Todd Redgrave, David Short, Terry King, Willy Wallace, Bryn Gray, Marty Dettman, Simon Prentice, Andrew McKelvey. Coaches standing in rear are Bryan Ladurantaye and Bert Short.

## puck talk

The Minden Atoms played the final game of the round-robin playoffs in Sunderland last weekend with Minden defeating their hosts 7 to 3.

Robbie Ackerblade and Randy Bull were the scorers for Minden with Ackerblade having five goals to his credit and Bull with two. The assists for

Ackerblade went to: Darren Sawyer, Darren Sawyer, Hunter Obee, Darren Sawyer and Randy Bull and his final goal was

unassisted. Bull's two goals were through the assistance of Darren Sawyer and his second goal from Rob Ackerblade and Darren Sawyer.

This 7 to 3 win brought

the Atoms playoff record to five wins, four losses and one tie.

May we remind all you hockey followers that the annual hockey awards and banquet will be held Wednesday, April 7 at the arena.

## County confirms truck hiring policy

A policy to regulate the hiring of trucks by the county was enacted in the form of a by law at the March 21 meeting of Haliburton County Council. The by law passed despite the adamant objection of Lutterworth Reeve Ron Gambell who advised his fellow councillors to vote against the provision. The only support Gambell could find came from his township's Deputy Reeve Glynne Lewis.

The by law was considered necessary following numerous complaints from area truckers as to the policy of the county in hiring trucks for construction projects and other county work.

The most contentious part of the by law was the

paragraph which stated, "Trucks that are owned as a secondary means of income or supplemental to general construction equipment in the employ of the county, will only be hired when all other registered vehicles on the last have been exhausted for availability. Trucks so affected will be the decision of the road committee and by resolution yearly."

It was this paragraph to which Reeve Gambell objected. He said the

committee was, "setting itself up like God" to determine who would get work and who wouldn't. He pointed out that there was no definition of the term 'secondary income' in the by law. "What does it mean?" he asked. "What if, for

example, a wife of a trucker is employed. Is the income from the truck considered secondary?"

Chairman of the road committee, Bicroft Reeve Bill Howe, responded to Gambell's concerns. He said

the by law simply reflected what had been the unwritten policy of the committee for years. He admitted there had also been problems for years, but suggested with the policy confirmed in by law form, it was likely these problems would be reduced.

Howe said the committee had obtained a legal opinion on the paragraph mentioned above, and there was no concern that it contravened the Charter of Rights. The chairman added that his definition of secondary

income was a situation where the owner of a truck had another job and hired someone else to operate his truck when it was on hire to the county.

"I do not think we can live with this by law," Gambell told the meeting. He said the committee had made hiring decisions in the past based on personality. "If committee members didn't like a certain trucker, he didn't get the job," Gambell said. He suggested the unclear nature of paragraph six would only serve to perpetuate that situation.

The by law details the policy under which trucks will be hired by the county. Included in the policy are:

- all trucks must be registered with the county
  - preference will be given to Haliburton County trucks
  - trucks must have proper licences, valid safety inspection and one million dollars public liability insurance coverage
  - an effort will be made to equalize working time among the registered trucks, with trucks registered after the end of May being considered on a pro-rated basis
  - hiring will be based on availability, truck condition, willingness to haul material in question
  - all complaints must be in writing and directed to the road committee
  - road committee will attempt to let truckers know in advance when the vehicles will be required
  - in emergency situations, the county engineer will have the discretion to hire trucks based on immediate availability.
- The recorded vote demanded by Reeve Ron Gambell resulted in a vote of 24 in favour, three opposed. (A recorded vote means that some municipalities have more than one vote per representative because of a weighting system related to the size of a municipality).

## Radar appeal ends

Bicroft Reeve Bill Howe's quest to purchase a mobile radar unit for the Minden detachment of the Ontario Provincial Police came to an abrupt end Wednesday (March 21), for a number of reasons.

The 1983 Warden of Haliburton County had been campaigning since last December to have the ten municipalities foot the bill for a new radar unit for the local detachment. He wrote to each of the municipal councils seeking agreement to participate either by sharing the estimated \$2500 cost equally, or on an assessment basis.

Howe told the councils that the unit was needed in the county to help reduce the number of serious accidents

which occur here, especially during the summer months. He also noted that the local detachment must share a radar unit with other detachments in the district, which means the piece of equipment is not always available here.

His appeal brought three positive responses, with the remainder of the municipalities saying 'no'. The basis for their rejection included that the purchase of equipment for the OPP was not a municipal matter. Objections were also raised to the fact the piece of equipment would be used to catch speeders, a situation which some councillors felt was contrary to the efforts being made to attract visitors to the county.

At the March 21 meeting Howe admitted he did not have the support of enough municipalities to see the purchase through. So he withdrew the appeal, effectively ending his participation in the effort.

Later in the same meeting it was announced that the Minden OPP detachment had acquired its own mobile radar unit anyway. According to a local police spokesman, the piece of equipment was supplied by the district headquarters and would remain part of the Minden detachment's equipment supply permanently. The spokesman said the arrival of the radar unit at the local office had nothing to do with the appeal attempted by Howe. Corporal Foran said the unit had become available to the district and Minden was one of the detachments chosen to receive it.

## Kids advised to kick up a fuss

submitted

Children should be taught to "kick up a fuss", according to Maureen Daigle an organizer of Outreach, a Women's Action Group.

Mrs. Daigle made this statement during a "Streetproofing" workshop sponsored by the Archie Stouffer Home and School Association on Wednesday, March 21.

Some alarming statistics relating to the sexual abuse of children were discussed. According to the metropolitan Toronto chairman's Task Force on Child Abuse, it is estimated that one in four girls and one in ten boys will be sexually abused by an adult before the age of eighteen. Eighty percent of these children will know the molester and half the time that person will be a family member. This abuse will not necessarily be violent but

will, nevertheless, be a violation of an innocent child.

It was pointed out that we all try to teach our children to be obedient. We admonish them to obey the teacher, to listen to the babysitter, to be polite and respectful to all adults.

"Streetproofing", on the other hand, teaches them that at times it is appropriate and necessary to say "no", or "kick up a fuss." If they are being violated they have a right to dissent, regardless of who the authority figure might be - stranger, friend or relative.

Unfortunately, there were just over 20 people there to discuss this important topic and discover how to instruct a child without causing paranoia.

Those who did attend found the workshop both interesting and enlightening.

# Pergolas supports funding and need for purchase of backhoe

In response to the letter from Councillor Gary Kenney, which appeared in last week's edition of *The Times*, regarding the purchase of a backhoe for the municipality, Deputy Reeve Ed Pergolas has prepared a written report supporting his proposal. The report was circulated at the March 22 meeting of the Anson, Hindon and Minden municipal council. The following is the complete text of that report:

Reeve Lyle McKnight and Members of Council:

To combat Councillor Kenney's supercilious remarks about the operation of the water system accounts, I find it necessary to defend and explain the accounting procedure and facts leading up to monies to be made available.

Perhaps I was being a little facetious in saying that we had the lowest water rates in Ontario, instead of saying that we had one of the lowest rates.

The committee monitors and sets rates by analyzing a book entitled "Water Rates of Ontario" issued every year by the American Water Works Association. When the water system was re-organized in 1980 the deficit was about \$48,000.00. At the end of 1982, the deficit shown on the financial statement was \$701.00. In 1980, we then adjusted the water rates to fall into line with our yearly needs and work on a five-year plan to liquidate the debt.

I then made a complete audit of the account since its inception and came up with the following interesting results:

(1) A bank error of around \$32,000.00 had been charged to the water system and was overlooked by the auditor.

(2) Several homes and businesses had been connected to the system but were never billed, one going back 10 years.

All this was reported by the newspapers.

Each year, after our audit, we receive an auditor's report and they are given to each member of council. This report is a weird and wonderful thing because if one looks at the water system account, it shows a further debit charge of \$61,075.00 which led to my famous phrase of "The water system is in worse shape than I ever dreamed of."

When the ownership of the system was transferred to the municipality, we discontinued the system of prepaying in advance to the Ministry of Environment which gave us a little more working capital. We investigated the feasibility of paying a lump sum against our debentures, but debentures are set in such a way that it does not allow for prepayment. In addition most of our debentures carry an interest rate below our investment interest that we receive at the bank so it would be useless to even attempt to do anything else.

Our total debenture balance at the end of 1982 was \$617,488.00. This is reduced by approximately \$3,000.00 per year. However, there is also requested in our debenture payments, an investment fund operated by the government and at the end of 1982 amounted to \$120,000.00 increasing about \$15,000.00 per year.

This information is also well documented in the auditor's report.

The water system has progressed in 1983 with more hook-ups, less interruptions and holding the line on increases and absorbing the cost of inflation.

The most amusing item in Councillor Kenney's latest epistle concerns our statement to replace old water piping. Surely on his long walks in town last fall he must have tripped over the new piping on Newcastle Street.

## Mixed league bowling scores

The following are the scores from the Vankoughnet Mixed Bowling League.

With only two weeks left till playoffs here's where the teams stand for the year. Tryin' Again 354, Snow Job 354, Hang'n In 349, Nancy's Fancys 340, Southern Comfort II 336 and Smurfs Again 292. For the series it looks like this. Tryin' Again 113, Hang'n In 101, Snow Job 95, Southern Comfort II 93, Smurfs Again 86 and Nancy's Fancys 82.

High average for men and

women: Ron Robinson Jr. 249, Gord Everall 231, Dave Bell 223, Mary Bell 200, Marnie Byrnes 195 and Marlene Robinson 193.

High single man and woman flat: Gord Everall 373 and Marnie Byrnes 290.

High single handicap man and woman: Gord Everall 369 and Alice Terry 352.

High triple flat man and woman: Ron Robinson Jr. 847 and Marnie Byrnes 745.

High triple handicap man and woman: Dave Bell 875 and Marnie Byrnes 859.

Subject - Backhoe with extend-a-arm

The reason we are considering a purchase of a backhoe is because a request was received from the Parks department for a new tractor costing approximately \$16,000.00.

After discussion, it was your suggestion Mr. Reeve, that if an expenditure was to be made, perhaps a larger and more versatile machine should be considered to satisfy the needs of roads, water and sewers and parks such as a four-wheel drive vehicle with an extending dipper. Incidentally, a machine such as this is not available, to our knowledge, in our municipality.

In 1983 our rental costs for sewers and water was \$5,388.00. Our main street rental costs were approximately \$8,430.00 (281 hrs.).

To establish a need, I held a meeting with the supervisors of Parks, Water and Sewers and Roads. The roads department could use the machine for ditching, loading sand in the winter, brush clearance, culvert installation, grass mowing, fencing, salt and sand in the fall as well as sweeping.

I have therefore established needs for the three departments of at least 550 hours.

### Costs summary

- machine with accessories approximately \$55,000.00

- life span - minimum of 10 years

- rental costs - \$35.00 per hr. (includes operator, fuel and maintenance)

rental cost - machine only - \$17.50 per hr.

- annual cost - \$5,500.00

- work hours required to retire machine cost - \$5,500 or 315 hrs. per year.

\$17.50

Operator would come from our present staff on the roads department.

The cost of the machine could be requested from the water department and because it would be a viable and profitable investment for the water and sewers and satisfying the needs of the municipality, I would be pleased to bring this matter to the committee of the water board with council's endorsement.

Respectfully submitted

E. Pergolas  
Deputy - Reeve

## Grant for centre

The Haliburton Highlands Hospitality Training Centre has received a grant to carry on for another year. The allocation of \$173,000 was confirmed recently by Bill Scott, M.P. for Victoria - Haliburton.

The Hospitality Training Centre recently celebrated the opening of its new premises in Haliburton Village. The new facility is located near the Lakeview Centre.

The federal grant was made through the Department of Employment and Immigration under the Job CORPS program.

According to Scott, the training centre provides an experience unique to our area. He said the grant would allow more individuals who are interested in employment in the hospital industry to acquire the necessary training.

## Seniors drop-in

by Marie Wallace

Our Home Support office has a neighbour known as the "Senior Drop-In Centre"! Many of you have dropped in to see this comfortable facility and we are extending an invitation to you to come in and have a visit here.

Anna Nichol has been hired through a government program to assist us in getting activities going for seniors in Haliburton County. Already Anna has arranged for the showing of the film "On Golden Pond" to be shown on Thursday, April 5 at 1:30 p.m. It's a 90 minute movie, starring

Katharine Hepburn and Henry Fonda and the scenery is beautiful. This film has come to us free from Radio Shack Haliburton, and our thanks to Lon Duncombe for loaning the equipment for this movie to be shown.

Anna is looking forward to meeting you and hearing your suggestions for programs to be held in this excellent Drop-In Centre.

We thank Vi Smith for convening the bridge game held each Monday at 2 p.m. and the euchre on Wednesday at 2 p.m. Beginners are welcome, and we encourage you to participate in these afternoon activities.

### STAANWORTH HOUSING CORPORATION MUNICIPAL NON-PROFIT HOUSING CORPORATION SENIOR CITIZEN HOUSING

APPLICATIONS are being accepted for a twenty two (22) unit Senior Citizen Apartment Building to be constructed on Prentice St., Minden, Ontario, which will be ready for occupancy by October, 1984.

Up to 50% of these apartments will be available for rent-geared-to-income residents.

It is estimated that the market rents will be \$315.00 for a one bedroom apartment and \$340.00 for a two bedroom apartment.

For further information and/or application forms, please contact one of the following Municipal Offices:

Township of Lutterworth, P.O. Box 176, Minden, Ontario. K0M 2K0.

Township of Stanhope, R. R. 1, Haliburton, Ontario. K0M 1S0.

Townships of Anson, Hindon and Minden, Box 98, Milne St., Minden, Ontario. K0M 2K0.

# Auxiliary honours members

Representatives of three levels of government were on hand Saturday night as the Ladies Auxiliary Branch 129 held their annual awards banquet in Haliburton. Joining the members of the auxiliary were the families of Mrs. Florence Hunter and Mrs. Greta Curry who were being honoured for their past service to the Legion. The family members were also present to celebrate the ladies' upcoming birthdays.

Victoria - Haliburton MP Bill Scott presented Mrs. Hunter with birthday greetings from Prime Minister Trudeau and Opposition Leader Brian Mulroney. Mrs. Hunter will be 91 in April. Mrs. Curry who is still active in the Ladies Auxiliary was similarly honoured on the occasion of her 81st birthday.

Victoria - Haliburton MPP John Eakins presented Mrs. Hunter with a plaque from Ontario Premier Bill Davis to commemorate her birthday and offered his own personal birthday greetings to both ladies.

Dysart Reeve Murray Fearrey presented a plaque to Mrs. Hunter on behalf of Dysart et al Council.

In addition to the birthday greetings, Mrs. Hunter was presented with a Certificate of Appreciation from the Ladies Auxiliary and Mrs. Curry was awarded a Commemorative Service Medal and a Certificate of Merit.

After the surprise birth-

Victoria-Haliburton M.P. Bill Scott, extends his personal congratulations and those of Prime Minister Trudeau as well as leader of the opposition Brian Mulroney, to Florence Hunter, left, on the occasion of her 91st birthday. Seated, centre, is Mrs. Greta Curry who was also congratulated on her birthday. These ladies were among many members of the Ladies Auxiliary of Branch 129, Royal Canadian Legion, who were honoured for their many years of service.

day celebration other members of the Auxiliary were presented with service awards.

Receiving the 40 year service pins were Edith Day, Freida Handy, Merv Herron, Mae Wilson, Betty Wise and Millie Wood.

A 35 year pin was presented to Dorothy Iles.

20 year pins were presented to Uena Ball, Laura Bannon, Gwen Cox, Marg

Finlay and Mary Roberts.

15 year pins went to Vera Dean and Hazel Walsh.

10 year pins were presented to Chris Bishop, Helen Cox and Ruth Schell.

5 year pins were presented to Ruth MacLean, Audrey Simmerson and Marjorie Taggart.

Second Vice President Marjorie Robertson and Sergeant - at - Arms Olive Crockett were awarded

medals and bars.

Bars were awarded to First Vice President Irene Higgins, Secretary Jean Marsh and Executive Committee member Mary

Woodcock.

Past President Bars were awarded to Irene Higgins, Jane Johnston and Gwen Cox and Past President Ruth Schell was awarded a medal and bar.

## Think spring - think garden

- submitted -

The poet said, "When winter comes, can spring be far behind?"

There are signs of spring. Gardeners have received their seed orders, some have seeds planted. Pat Campbell has her greenhouse ready, and Gene Newell saw a robin.

The green thumbs in Haliburton are thinking spring. Last week they organized their new Horticultural Society. They have a full slate of officers and with Sheila Popple as president, the society is sure to succeed. the following Minden members attended their meeting to show their support, they were, Robert and Peggy Harrington, Beatrice Taylor, Elizabeth Carrell, Dick and Laura Kirkwood.

Minden and District Horticultural Society has excellent speakers and films to help you with your gardening. Remember we meet the first Tuesday of each month in the Council Chambers. Last month there was an excellent speaker on "Pruning Shrubs and Trees".

The April meeting we'll be discussing our 125th anniversary projects and our planting plans for spring. There will be a film "What Price Beauty?"

We are happy to welcome Marion Ingram as our new

treasurer.

You must remember May 1, at that meeting we will be having a speaker from the Royal Botanical Gardens showing us slides on "Ontario Wild Flowers." Bring your children also as it will help them identify our

wild flowers. Mark your calendar now for the first Tuesday in each month.

Be a member of your horticultural society. What better way can you serve your community than make it a more beautiful place in which to live?

**Do You  
Pitch-In?****NOTICE TO SAWMILLS  
AND LOGGERS  
REGARDING CROWN TIMBER  
DISPOSAL**

The Ministry of Natural Resources is currently in the process of preparing a forest management Operating Plan for Crown lands of the Minden District for the five-year period ending in 1990.

This process includes the selection of stands to be harvested and the cutting method to be employed, an estimate of the timber yields to be obtained and a licencing and timber sales programme for disposal of this timber to the forest industry. Provisions for the restoration of cutover lands to full productivity and for the improvement of other forest stands are also included in this operating plan.

In order to provide as fair a disposal of the Crown land allowable cut as is possible, the Ministry is soliciting the views of mills and loggers on this matter prior to the preparation of any new licences and sales. The deadline for such submissions is April 16, 1984.

For further information, contact the District Manager, Ministry of Natural Resources, Minden, Ontario, KOM 2K0, telephone 286-1521.

## NOTICE TO THE PUBLIC REGARDING FOREST MANAGEMENT ON CROWN LAND

The timber on designated areas of Crown land within the Minden District is grown and harvested on a sustained yield basis to provide employment and forest products for Ontario's economy.

The Ministry of Natural Resources is currently in the process of preparing a forest management Operation plan for the five-year period ending in 1990. This process includes the selection of stands to be harvested and the cutting method to be employed, an estimate of the timber yields to be obtained and the disposal of this timber to the forest industry. Provisions for the needs of wildlife and other uses of the productive forest landbase are also considered in this operating plan.

Individuals and organizations who wish to state their views on these matters should do so by writing the District Manager, Ministry of Natural Resources, Minden, Ontario, K0M 2K0 before April 16, 1984.

# Institute keeps history alive

The meeting of the Women's Institute took on an old fashioned air on Wednesday afternoon. Many of the members who had gathered for the monthly meeting at the Cultural Centre were dressed in the styles worn by ladies at the turn of the century.

Completing the retrospective theme of the meeting was the display of four books that document the history of Minden and the people who have made the Highlands their home.

One of the books contains a chronological record of the membership and activities of the Women's Institute since its inception in Minden in 1907.

The other three volumes make up "The Tweedsmuir Village Histories". The collection was named in honour of Lady Tweedsmuir who was the wife of the General-General of Canada in the early 1950's. The

Women's Institutes have been compiling histories of their communities since 1954.

The volumes which were on display on Wednesday contained newspaper clippings, personal photographs, maps, drawings and personal recollections of the town's pioneers. As well three are family records that have been contributed by long time residents of Minden.

The books offer a fascinating glimpse at Minden's past; of people, events and buildings that are now only memories.

The W.I. welcomes any donations to the histories, whether of the village or of the families who have lived here. This is in keeping with Lady Tweedsmuir's wish that "Women should be on the alert always to guard the traditions of their homes and see that nothing valuable is lost or forgotten".

Members of Minden Women's Institute dressed in garb of long ago, pose for our photographer before their meeting held last Wednesday afternoon at the Library - Cultural Centre. Those dressed for the occasion include: Back row, left to right: Jean Lacey, Verla Wilson, Annie Kernohan, Jeanne Sears and Charlotte O'Neill. (The gown worn by Mrs. O'Neill was, we are told, her wedding gown.) Front row, left to right, Freda Hulbig, Eleanor Bunker (and friend) and Mary Cox.

## W.I. report

There were 19 members and 4 guests present at the March 21 meeting of Minden Women's Institute at the Cultural Centre with Mrs. L. Cox presiding and some members in costume. After the usual opening Mrs. W. Moore introduced Ernie Hills of Haliburton County Agricultural Society and Farmers Association. He had a topic of interest to all, as he told us many facts of which we might not have been aware. He also gave some details on land use, the Goat Association, and 4-H Club and that the Farmers'

market will continue in the Minden Municipal Parking Lot this summer. Mrs. A. Kernohan presented him with a small gift of thanks.

After the business, Mrs. Moore reported sending 18 cards and collections for Card Fund and Pennies for Friendship were taken. Mrs. Clare Brown read the District Executive Report sent to us by the president.

Mrs. M. Robson, Victoria West District President, was then welcomed and gave us the highlights of the District Executive Meeting. She was thanked by our president

and received a small gift.

The Anniversary Planning Committee plan to meet at the home of our president Friday, March 30.

Verses were read by Mrs. Sears and Mrs. A. Coulter. The Tweedsmuir Books were on display.

The meeting closed with

God serve the Queen and W.I. Grace and all enjoyed the delicious lunch served by the committee. Next meeting will be April 18 at the Cultural Centre at 2 with all ladies welcome.

Jeanne Sears,  
P.R.O.

## BIRTHS

**SULLY:** Bob and Donna McLeod Sully are pleased to announce the safe arrival of their first son Daniel Robert McLeod Sully, 8 lbs., 3 oz. Special thanks to Dr. Lodenquai, Dr. Bhatia and Dr. Stone. 3D

**TRUMBULL:** Myles and Sandra of Emily Park are delighted to announce the birth of their first child Tyler Morgan Bernard on March 4, 1984 at Peterborough Civic Hospital, weighing in at 8 lbs., 3 oz. First grandchild for Betty and Bernard Trumbull of Minden, tenth for Bonnie Huffman of Trenton. Great-grandparents are Verna and Milt Hancock and Edna and Morgan Trumbull all of Minden.

## CARD OF THANKS

The Haliburton County Snowmobile Assoc. wishes to thank all the people who donated prizes and gifts for our annual OTBA convention at Wig-A-Mog on March 17 weekend. Winner of the HCSA 50-50 draw was Mr. Jim Smith, Agincourt, Ont. He won \$700 when his ticket was drawn Saturday, March 17 at Wig-A-Mog. 3D

## CARD OF THANKS

I wish to express my sincere thanks to my friends for the many cards, flowers and visits during my stay in hospital. Also for their thoughtfulness and concern after my return home.

Jim Moore

The Eastman Family wish to thank everyone who made our bereavement easier by all the food brought to the house and kind prayers offered. Special thanks to Pastor Wicks, Mr. and Mrs. Hal Thompson and Mrs. John Bath. Thanks again to the Monk Funeral Home, Dr. Heyes and the VON nurses. We can't repay - but God will. 3D

Leroy and Pat Lichty wish to thank the staff of The Brown Owl for the lovely party last Saturday night. It was really nice to see so many friends having a good time together. Thank you to all the people who donated their time and effort. Special thanks to Dave of Homepride for donating the Kaiser rolls and John and Kathy Stainton for the corsages. 3D

## AT REST

### EASTMAN

**Ernest Spovissil**  
in his 78th year. Dearly beloved husband of Minnie Rivers and dear father of William Leslie of Markham, George Ernest of Scarborough and Robert John at home. Predeceased by Donald Vernon. Sadly missed by 7 grandchildren and 1 great-grandchild. Brother of the late Orval, Frank, Rufus, Alma, Herschel and Ulysses.

### WALKER

**Eleanor Dorothy**  
at Hyland Crest Senior Citizen's Home on Sunday, March 25, 1984 in her 99th year. Beloved wife of the late Byron John Walker. Dear mother of the late Diane (Mrs. William Holly Stevens) predeceased by two sisters, Mrs. Alice Bayley and Mrs. Jane Fairfield and two brothers, Marten and Hugh Taylor. Loving grandmother of Linda (Mrs. Lyle McKnight) and Lewis Stevens both of Minden and the late Byron John Stevens. Loving great-grandmother of Larry, Lou-Ann, Judy, Laurie, Deborah and Jason and four great-great grandchildren. Funeral service was held at Gordon A. Monk Funeral Home on Tuesday, March 27, 1984 at 2 p.m. Spring interment 12 Mile Lake Cemetery. The service was conducted by Rev. Clyde Westhaver of Minden.

## IN MEMORIAM

**GRIFFIN:** In loving memory of a dear aunt Della Griffin who passed away March 28, 1983.

We little knew when we woke that morn,  
The sorrow the day would bring.  
The call was sudden the shock severe  
To part with one we loved so dear.  
If we could have one lifetime wish  
One dream that could come true.  
We'd pray to God with all our hearts  
For yesterday and you.

Always remembered and sadly missed by the Upton girls, Bernice, Linda, Marlin and Lois.

**WOODROFFE:** Henry who passed away March 27, 1981 in Owen Sound.

Dad you left us so suddenly  
It is hard to believe you are gone.  
Your smiling face, and quiet ways  
Your loving care and fond embrace.  
Wish we had taken more time  
To sit and chat and give you an extra hug or two.  
You'll never know how much we really miss you.

Daughter Dorothy, son-in-law Ron Robinson Sr., grandchildren and great grandchildren.

## PROTECT YOUR CAR FROM RUST

RUST CHECK IS NOW AVAILABLE AT

**HALIBURTON AUTO BODY**

## HOW RUST CHECK WORKS

Rust Check is a special formula that will:

- ✓ 1. Evaporate moisture.
- ✓ 2. Penetrate existing rust, tight seams and crevices, right through to the base metal for maximum protection.
- ✓ 3. Creeps continually to provide year round protection.

RUST CHECK works on new or used cars.
